## About Me

Well-rounded, professional programmer with wide range of skills, experiences and enthusiasm, particularly Unity development with C#. Experienced with industry standard tools including Atlassian Suite, Git, and Xcode as well as Agile/Scrum workflows. Diverse array of supporting skills including firsthand experience with both game design and art. Spent whole life interacting with the games industry in one form or another e.g. making maps/campaigns for C&C Generals & Spore and mods for Skyrim & Noita. Gained experience from attending industry events such as Develop:Brighton, WASD, EGX, Let's Talk Games.

## Supplementary Experience

Volunteered as a course representative for Games Programming at UoG for 2 years, collecting feedback from students and presenting it to staff at subject meetings.

Given talks and been on panels with other industry professionals at events run by organisations such as Women in Games, TT Games and Warner Bros. Discovery.

Gained fantastic experience participating in game jams, creating such wonders as Fowl Play, Snowhost, and Chess.

I became a trained first aider while at WBG Odyssey, completing a 3-day course and achieving an Emergency First Aid at Work Certificate.
